ROBESON GETS A WIPE. WASHINGTON, December 16. - Iliscock, co New York, scored Robeson, of N w Jersey, in the House this afternoon. The Post office Appropriation Bill wis up, and the House was discussing Hiscock's amendment appropriating \$200,000 for the fast mail service for the coming fiscal year. Robeson fought a similar provision, bitterly, in the Committee on Appropriations and succ eded in keeping it out of the bill. At this particular point, to-day, he was taken high moral ground against the wastelui extravagance in the expenditure of the public money, against rallroad monopolies, and against a number of other things, a'l equally irrelevant, when he provoked Hiscock into saying in very plain terms that it was idle for him to pose as a virtuous reformer on this question, since everybody knew that his opposition was en under the lash of the press, and thought thus to get his revenge. Mr. Robeson was not able to make an effective reply.

We have heard a good deal of complaint store. lately about the gas, but none from quar ters where the pipes were all new and tight. Nearly all the pipes on the North side of the city are old and toul, and need cleaning. The company is doing all it can to give the city a first-rate article of light. It has invested a large sum of money in the business, with the desire to make it profitable alike to the stock-owners and to the consumers. Several of our very best citizens are interested in the company as stockholders, and their desire is to render perfect satisfaction to everybody. They have just begun husiness, and it cannot be expected that every part of the great system will work weil from the start. It is certain that they do not intend that the gas they furnish shall be inferior to any that could be furnished here. They have started into this as a permanent thing, and they know that they must furnish a good light or the people will not use it, and they will lose instead of making money. It is a great inconvenience to have bad lights, and people accustomed Mr. Lanthrop, a fireman on the same road: to good ones may very well growl if their Mr. Lewis, conductor of an ice wagon, and lights are bad; but it is not reasonable to formed a pool and bought \$10 worth of think that bad lights are designedly fur- tickets, one of which realized \$15,000 nished by the company, or that they are wilfully negligent. Gentlemen:—Some three mouths ago I began the use of Dr. II vitter's Iron Tonic, upon the advice of many friends who knew its vittues. I was suffering from general draility to such an extent that my labor was exceedingly hurdensome to me. A vacation of a montu did het give me much relict, but on the contrary, was followed by increased prostration and sluking chills. At this lime I began the use of your Iron Tonic, from which I realized almost immediate and wonderful results. The old energy returned and I found that my natural force was not permanently aliaded. I have used three bottles of the Tonic. Since using it I have done twice the labor that I ever did in the same time during my filmess, and with double like case. With the trainful nerve and vigor of body, bas come also a chearness of thought never before enjoyed. If the TNNC has not done the work, I know not what. I give it the credit.

AN INVALUABLE AID IN THE TREATMENT OF

During the last epidemic of the ¹Yellow Scourge, which was so fatal throughout the lower Mississippi 'alley, no external remedy was so generally used, and with such great success, as the Benson Captine Capting Paster. Applied at the commencement of the disease over the region of the liver and spleen, by their power- il stimulating and alterative action they incite a cellow of bile from the overloaded and stagnant ver, causing a free easy action of the bow ls, and this manner removing from the system of the fferer the poisonous material which was robbing m of life.

ESTABLISHED 1827. B. A. FAHNESTOCK'S VERMIFUGE.

It is now over hity years since this medicine we offered as a remedy for Worms and from that tin its reputation has steadily increased until at the present day it is almost universally acknowled throughout nearly all parts of the world to be it sovereign remedy. Children often look pale as sickly from no other cause than Worms, and spass are most frequently the result of these hidden sapers and miners. Many a helpless child has beel aid in the grave when the disease which caused it death has been entirely misunderstood, and who worms, have really been the cause; therefore parent especially mothers, who are constantly with the children, cannot be too observing of the first symptoms of worms, for so surely as they exist, can the be sately and speedly removed from the most decate infant, by the timely use of B. A. Fahnestock Vermifuge. Great cantion must be used by ever purchaser to examine each bottle he buys. This myst look closely and see that the initials are "A." and be satisfied with nothing else.
